North Yarmouth 1771 Taxpayers	1
North Yarmouth 1790 Heads of Families	6

*North Yarmouth 1771 Taxpayers and 1790 Heads of Families* is taken from two sources, *The Massachusetts Tax Valuation List of 1771* (Rockport, Maine: Picton Press, 2<sup>nd</sup> printing, March 1998) and *Heads of families at the first census of the United States taken in the year 1790: Maine* (Baltimore: Genealogical Publishing Co., Inc., 1973).

As noted in the preface to *The Massachusetts Tax Valuation List of 1771*, the Massachusetts General Court in 1771 passed “An Act for Enquiring into the Rateable Estates of this Province,” which required every Massachusetts municipality to elect assessors and perform an annual valuation. The names and associated individual IDs in the list were entered into Microsoft Access exactly as they appear in the original volume. Not entered was all the other data published in the original volume, including title, status and 27 categories of taxable property. Two individuals, with IDs 0376 and 0377, whose names were illegible and are listed in the original publication as “\*\*\*\*, \*\*\*\*”, are not included in this volume. The following list is meant to provide just the names of the residents of North Yarmouth who appeared on the 1771 tax list; for further data on the individual North Yarmouth residents, please consult Bettye H. Pruitt’s publication, or the original lists which are held at the Massachusetts Archives.

Public interest in history and genealogy prompted acts of Congress in 1906 and 1908 that authorized the publication and sale of *Heads of families at the first census of the United States taken in the year 1790*. The volume for Maine includes the names of the heads of families, the number of free white males 16 years and above and under 16 associated with the heads, associated free white females, all other free persons and slaves. As outlined in the introduction to the original 1908 volume, the census results must be considered in the context of a populace unfamiliar with and suspicious about the census process, who lived in previously semi-independent states unlikely to promptly and fully obey the instructions of the new Federal government.
